Office of Inspector General

Dear Chairman Maffei and Commissioners Dye, Sola, Bentzel and Vekich:

The following report is submitted in accordance with Section 5 of the Inspector General Act of 1978, as amended. This report summarizes the activities of the Federal Maritime Commission (FMC) Office of Inspector General (OIG) for the period October 1, 2022 to March 31, 2023.

During this reporting period, the OIG completed two audits and two reviews, and initiated a new audit. Additional details on these assignments can be found in the enclosed report. The OIG continues to appreciate the cooperation and commitment to integrity and ethical values demonstrated by FMC's leadership and staff.

Respectfully submitted,

Jon Hatfield
Inspector General

EXECUTIVE SUMMARY

This semiannual report summarizes the activities and accomplishments of the Federal Maritime Commission (FMC), Office of Inspector General (OIG) for the six-month reporting period October 1, 2022 through March 31, 2023. During this reporting period, the OIG completed two audits and two reviews, and initiated a new audit. The details on these assignments can be found in subsequent sections of this report.

One new hotline complaint was received, and five hotline complaints were open at the end of this reporting period. There were no open investigations or matters referred to prosecutorial authorities during this period.

FEDERAL MARITIME COMMISSION

The FMC is an independent Federal agency responsible for ensuring a competitive and reliable ocean transportation supply system that supports the U.S. economy and protects the public from unfair and deceptive practices. The agency regulates the international ocean transportation supply system (vessel liner carriers, ocean transportation intermediaries, and marine terminal operators).

The FMC is composed of five Commissioners nominated by the President and confirmed by the Senate, each serving a staggered five-year term. The Commission is a bipartisan body; no more than three members of the Commission may be of the same political party. One Commissioner, designated by the President, serves as the Chairman, Chief Executive, and Chief Administrative Officer of the Commission. The Inspector General reports to all five Commissioners.

Although most FMC personnel are in Washington, D.C., the FMC also maintains a presence with Investigators in Los Angeles, Seattle, New York, New Orleans, Houston, and South Florida.

OFFICE OF INSPECTOR GENERAL

The OIG was established in 1989 by the Inspector General (IG) Act of 1978, as amended (5 U.S.C. app.). The OIG is an independent audit and investigative unit headed by an IG who reports to the FMC Commissioners and Congress. The OIG is responsible for conducting audits and investigations relating to the programs and operations of the FMC. Audits are conducted for the purpose of detecting and preventing fraud, waste, and abuse, and promoting economy, efficiency, and effectiveness within the agency. The OIG investigations seek out facts related to allegations of wrongdoing on the part of FMC employees and individuals, or entities contracting with, or obtaining benefits from, the agency. The IG Act provides that the OIG shall have access to all agency records and may subpoena records from entities outside of the agency in connection with an audit or investigation.

The IG is required by law to prepare this report summarizing OIG audits and investigations during the immediately preceding six-month period. The report is sent to the FMC Commissioners, the President of the Senate, the Speaker of the House and FMC's Congressional appropriating and authorizing committees. This dual reporting requirement helps to ensure the independence of the OIG.

To aid the FMC in accomplishing its mission, the OIG is provided two full-time positions, the IG and an auditor. In addition, the OIG has a memorandum of understanding (MOU) with the Treasury Inspector General for Tax Administration for the FMC OIG to obtain legal advice services to carry out the FMC OIG's responsibilities under the Inspector General Act. During this period, the FMC OIG also had an MOU with the Appalachian Regional Commission OIG to obtain investigative services, as needed.

OFFICE OF INSPECTOR GENERAL ACTIVITIES

Completed Assignments

Audit of FMC's Compliance with the Federal Information Security Modernization Act (FISMA) FY 2022, A23-01. The audit report was issued on October 7, 2022. The OIG contracted with Dembo Jones, P.C. to perform the audit and the OIG actively monitored and reviewed the work and results of the contractor. The objectives of this independent audit of the FMC's

information security program were to evaluate its security posture by assessing compliance with the FISMA and related information security policies, procedures, standards, and guidelines.

The scope of the testing focused on the FMC General Support Systems (GSS) and major applications. Audit testing included inquiry of FMC personnel, observation of activities, inspection of relevant documentation, and the performance of technical security testing. More specifically, testing covered a sample of controls as listed in National Institute of Standards and Technology's (NIST) 800-53, Recommended Security Controls for Federal Information Systems and Organizations, Revision 5. The results of the OIG's FISMA audit found the FMC resolved both prior year audit recommendations. In addition, the audit included two audit recommendations related to new government-wide information security policy requirements. FMC management agreed with both recommendations.

Independent Auditors' Report of the FMC's FY 2022 Financial Statements, A23-02. The audit report was issued on November 15, 2022. The OIG contracted with Dembo Jones, P.C. to perform the audit and the OIG actively monitored and reviewed the work and results of the contractor. The audit objectives were to opine on whether the FMC's FY 2022 financial statements followed U.S. Generally Accepted Accounting Principles (GAAP) and presented fairly the financial position of the agency. The auditors also reviewed internal controls over financial reporting and agency compliance with laws and regulations. The statements audited were the balance sheet as of September 30, 2022, and the related statements of net cost, changes in net position, budgetary resources and custodial activity for the year then ended.

The independent auditor opined that the FMC's financial statements were fairly presented, in all material respects, in conformity with GAAP; there were no material weaknesses in internal control over financial reporting (including safeguarding assets); and no reportable noncompliance with laws and regulations tested. Therefore, there were no findings or recommendations in the audit report.

Review of the FMC's Onboarding Process. The OIG completed a review of the FMC's onboarding process for new employees to determine whether improvements needed to be made to ensure an effective onboarding. The first few days and weeks of a new employee's experience sets the tone for their satisfaction with the position and agency. Therefore, it is very important the

FMC's onboarding process is successful and well-planned. The OIG's review identified several areas for improvement and the OIG discussed these with management prior to finalizing the review. Management generally agreed with the OIG's suggestions.

Improper Payments Compliance Report for Fiscal Year 2022. The OIG completed the annual review of the FMC's compliance with reporting and performance requirements regarding improper payments required by the Payment Integrity Information Act of 2019 (PIIA) (Public Law 116-117). PIIA sets forth improper payment reporting requirements, including an annual compliance report by Inspectors General.

The purpose of PIIA is to improve the Federal government's efforts to reduce and recover improper payments. Each agency Inspector General is required to review improper payment reporting in their agency's annual Performance and Accountability Report (PAR) or Agency Financial Report (AFR) and any accompanying materials to determine if the agency follows PIIA. The OIG reviewed the agency's Improper Payments Information Act section of FMC's FY 2022 PAR posted on the agency's website for compliance with PIIA, as well as, the FMC's PaymentAccuracy.gov Data Call submission.

For FY 2022, the OIG concluded the FMC complied with all the requirements that are applicable to the agency for improper payment reporting. The FMC reported no improper payments for FY 2022. However, during our review, we noted an issue where the FMC could improve its improper payment reporting process. The OIG concluded that the issue neither affected compliance nor *significantly* altered the payment integrity information reported by the FMC. The OIG prepared a separate management letter with a suggestion to the Deputy Chief Financial Officer to address the issue for future reporting.

Open Audits

Audit of FMC's Compliance with the Federal Information Security Modernization Act (FISMA) FY 2023, A23-01. In 2022, the Office of Management and Budget (OMB) shifted the due date from October to July for IGs to complete the annual assessment of FISMA metrics. The audit entrance conference was held in March 2023. The objective of the independent audit of the FMC's information security program is to identify improvements for the agency's

information technology security program. The OIG will evaluate potential system vulnerabilities and assess management actions to implement prior-year recommendations. The OIG anticipates the final FISMA audit report to be released by July 2023.

Hotline and Investigations

The Inspector General Act of 1978, as amended, provides that the IG may receive and investigate complaints or information concerning possible allegations of fraud, waste, and abuse occurring within FMC programs and operations by employees or contractors. Matters of possible wrongdoing are referred to the OIG in the form of allegations or complaints from a variety of sources, including FMC employees, other government agencies and the public.

One new hotline complaint was received, and five hotline complaints were open at the end of this reporting period. There were no open investigations or matters referred to prosecutorial authorities during this period.

Review of Legislation

As required by the Inspector General Act of 1978, as amended, the OIG routinely reviews proposed legislation and regulations. The purpose of these reviews is to assess whether the proposed legislation or regulation: (1) impacts the economy and efficiency of FMC programs and operations; and (2) contains adequate internal controls to prevent and detect fraud, waste, and abuse.

Council of the Inspectors General on Integrity and Efficiency (CIGIE) Activities

The CIGIE was established by law as an independent entity by the Inspector General Reform Act of 2008 (P.L. 110-409) to:

- address integrity, economy and effectiveness issues that transcend individual government agencies; and
- increase the professionalism and effectiveness of personnel by developing policies, standards, and approaches to aid in the establishment of a well-trained and highly skilled workforce in the Offices of Inspectors General.

The CIGIE is comprised of all Inspectors General that are Presidentially-appointed / Senate confirmed and those that are appointed by agency heads. The FMC OIG remains active in CIGIE operations. Specifically, the OIG is a member of CIGIE, participates in the monthly CIGIE meetings, and periodically assists CIGIE on special projects.

The IG continues to serve in the position of Chair of the CIGIE Audit Peer Review Subcommittee. The subcommittee is responsible for maintaining the CIGIE audit peer review schedule, managing requests for extensions and substitutions, coordinating amongst dispute resolution panels, as well as answering questions about conducting audit peer reviews. The subcommittee is composed of dedicated volunteers from the CIGIE oversight community. Parker Skaats, the OIG's Auditor, is one of these dedicated volunteers and he serves on the subcommittee's frequently asked questions workgroup. During this reporting period, Mr. Skaats also served on CIGIE's Audit Training Subcommittee.

Appendix A - Peer Review Activity

In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (Section 989C of P.L. 111-203), which amended Section 5 of the Inspector General Act of 1978, OIGs are required to include in their semiannual reports (SAR) to Congress the results of peer reviews of their offices, as well as outstanding and not fully implemented recommendations from peer reviews the OIG received from another OIG, and outstanding and not fully implemented recommendations the OIG made in any peer review it performed for another OIG.

An external audit peer review of the FMC OIG audit office was completed in a prior reporting period on March 23, 2022, by the Corporation for Public Broadcasting OIG. A *pass* rating was issued and there were no recommendations contained in the system review report.

In addition, the OIG completed an audit peer review of the Architect of the Capitol OIG during a prior reporting period and issued the peer review report on September 1, 2021. The FMC OIG issued a *pass* rating and there were no recommendations contained in the system review report.
