Docket No. 11-07

**RESPONDENT IMPEXIA'S MEMORANDUM IN SUPPORT OF
MOTION TO DISMISS FOR LACK OF JURISDICTION**

Respondent Impexia Inc. ("Impexia") submits this memorandum in support of its motion to dismiss the complaint of DNB Exports LLC and AFI Elektromekanikanik Ve Elektronik San. Tic. Ltd. Sti. (collectively "Complainants") for lack of personal jurisdiction. Complainants have improperly sought to recast a common law state tort claim as a violation of federal law and have failed to carry their burden of making a *prima facie* showing that this claim falls within the Federal Maritime Commission's ("FMC" or the "Commission") limited jurisdiction. Good cause exists to grant this Motion for the reasons set forth below.

I. INTRODUCTION

Complainants have brought their complaint (the "Complaint") pursuant to Section 10(b)(13) of the Shipping Act of 1984, as amended by the Ocean Shipping Reform Act of 1998 (the "Shipping Act"), 46 U.S.C. § 41103(a), and pursuant to the FMC's authority

under Section 11(a) of the Shipping Act, 46 U.S.C. § 41301(a). Impexia is not a regulated person or entity under the Shipping Act (*i.e.*, it is not an ocean freight forwarder, non-vessel-operating common carrier (“NVOCC”), ocean common carrier, marine terminal operator); did not engage in conduct or behavior regulated by the Shipping Act or the FMC; and has not held itself out in any manner or capacity that would result in Commission oversight. Accordingly, the FMC lacks personal jurisdiction over Impexia. The Complaint should be dismissed with prejudice as to Impexia.

II. FACTUAL BACKGROUND

On April 14, 2011, Complainants filed the Complaint alleging Respondents violated Section 10(b)(13) of the Shipping Act, 46 U.S.C. § 41103(a), by “knowingly disclosing, offering, soliciting and receiving information concerning the nature, kind, quantity, destination, shipper, consignee, and routing of property tendered or delivered to Barsan Int’l by DNB and/or AFI, by, without the consent of DNB and/or AFI, using that information to the detriment and disadvantage of DNB and/or AFI, by unlawfully disclosing that information to Impeixa (sic) as a competitor” Complaint at ¶ 25. The Complainants also allege that “[a]s a direct consequence of the unlawful conduct engaged in by Respondents, Complainants have suffered loss of clients, current and future revenues from those clients, not only loss amounts represented by shipments with Respondents, but also with other forwarders, and loss of reputation, all of which has caused and continues to cause Complainants monetary damages of at least \$ 1.2 million, and other significant amounts” Complaint at ¶ 34.

The Complaint alleges that Impexia “as BGL’s and Barsan Int’l’s alter ego” is “a mere corporate shell of BGL and Barsan Int’l for the purpose of obtaining and utilizing BGL’s and/or Barsan Int’l’s customers commercial proprietary information, which is routinely obtained for

performing Barsan NVOCC/freight forwarding/NVOCC services, with the purpose of engaging in the same business as Barsan Int'l's customers and to solicit import/export trading business from their customers' clients." Complaint ¶¶ 10, 15, and 35. To support its position that Impexia is a "mere corporate shell" and an "alter ego," the Complaint states that "[u]pon information and belief, Respondent Impexia is a corporation incorporated on or about March, 2010, and existing pursuant to the laws of the State of New Jersey with its principal place of business . . . the same location as Barsan Int'l;" that "Impexia used to display its business address in New Jersey as the same address as Barsan Int'l's address in its website;" that "Impexia indicates on its website that it has three offices in New Jersey Florida and Texas which upon information and belief are close to Barsan Int'l or BGL offices in these three States;" that "Mr. Jimmy Cuneyt Karadagli's full name was also displayed in the Impexis (sic) webpage;" and that "Barsan Int'l's officers President Ugur Aksu Vice President Sevgi Cebe and Export Manager Tugsan Uresin, also maintain a close relationship with Impexia." Complaint at ¶¶ 6, 20 21, and 22.

On May 23, 2011, Respondents Barsan Global Lojistics Ve Gumruk Musavirligi A.S. and Barsan International, Inc. filed a Verified Answer, Counterclaim and Crossclaims ("BGL and Barsan Int'l Answer") in response to the Complaint.

III. ARGUMENT

a. Standard of Review

Complainants bring this suit against Impexia pursuant to 46 U.S.C. § 41103(a), which states that a "common carrier, marine terminal operator, or ocean freight forwarder, either alone or in conjunction with any other person, directly or indirectly, may not knowingly disclose, offer, solicit, or receive any information concerning the nature, kind, quantity, destination, consignee,

or routing of any property tendered or delivered to a common carrier, without the consent of the shipper or consignee, if the information – (1) may be used to the detriment or prejudice of the shipper, the consignee, or any common carrier; or (2) may improperly disclose its business transaction to a competitor.” 46 U.S.C. § 41103(a).

Impexia seeks dismissal with prejudice for lack of personal jurisdiction. As no specific FMC Rule provides for a motion to dismiss for lack of personal jurisdiction, the Commission should apply Rule 12(b)(2) of the Federal Rules of Civil Procedure. *See* 46 C.F.R. § 502.12 (“[i]n proceedings under this part, for situations which are not covered by a specific Commission rule, the Federal Rules of Civil Procedure will be followed to the extent that they are consistent with sound administrative practice.”). Rule 12(b)(2) allows for a defendant to bring a motion to dismiss for lack of personal jurisdiction. (“Every defense to a claim for relief in any pleading must be asserted in the responsive pleading if one is required. But a party may assert the following defenses by motion . . . (2) lack of personal jurisdiction”).

The Commission has clearly articulated in the past that, before proceeding to the merits of a case, the FMC must determine whether it has jurisdiction over the parties. *See Kawasaki Kisen Kaisha, LTD. v. Intercontinental Exchange, Inc.*, 2000 WL 1285694 (FMC) (it is “elementary law that a court or agency of limited jurisdiction such as the Federal Maritime Commission should determine its jurisdiction before proceeding to decide the merits of a controversy”); *see also Government of the Territory of Guam v. Sea-Land Service, Inc.*, 28 S.R.R. 252, 265 (FMC 1998) (“The general rule is that an adjudicatory body must first find that it has jurisdiction over the parties and the subject matter of the case before it reaches the merits.”). The case at bar presents this very issue, as it pertains to Impexia, and warrants the Commission’s consideration.

b. Limited Jurisdiction of the Federal Maritime Commission

The Commission's jurisdiction over *specific* persons and entities involved in oceanborne commerce is well-established, dating to the enactment of the Shipping Act, 1916, and presently derived from and circumscribed by the Shipping Act of 1984, as amended by the Ocean Shipping Reform Act of 1998, the Foreign Shipping Practices Act of 1988, Section 19 of the Merchant Marine Act, 1920, and Public Law No. 89-777. 46 U.S.C. §§ 40101 – 41309.

Pursuant to the Shipping Act, the Commission has limited regulatory jurisdiction to oversee defined activities of international shipping lines (“ocean common carriers”), marine terminal operators, and ocean transportation intermediaries (“OTIs”) that provide certain regulated services in the United States foreign commerce. In short, the FMC's stated mission is “. . . [t]o foster a fair, efficient and reliable international ocean transportation system and to protect the public from unfair and deceptive practices.” *See*

http://www.fmc.gov/about/mission_and_vision_statements.aspx.

The Shipping Act defines an “ocean common carrier” as “a person holding itself out to the general public to provide transportation by water of passengers or cargo between the United States and a foreign country for compensation . . .” 46 U.S.C. § 40102 (6). A “marine terminal operator” means “a person engaged in the United States in the business of furnishing wharfage, dock, warehouse, or other terminal facilities in connection with a common carrier, or in connection with a common carrier and a water carrier . . .” 46 U.S.C. § 40102 (14). The Act further defines an “ocean transportation intermediary” as an ocean freight forwarder or a non-vessel-operating common carrier. 46 U.S.C. § 40102 (19). Specifically, an “ocean freight forwarder” is a person that “(a) in the United States, dispatches shipments from the United States via a common carrier and books or otherwise arranges space for those shipments on behalf of shippers; and (b) processes the documentation or performs related activities incident to those

shipments.” 46 U.S.C. § 40102 (18)(a) & (b). A “non-vessel-operating common carrier” or “NVOCC” means “a common carrier that does not operate the vessels by which the ocean transportation is provided, and is a shipper in its relationship with an ocean common carrier.” 46 U.S.C. § 40102 (16).

The Commission has no statutory or regulatory authority to oversee a person or entity that does not conduct activities that squarely fall under the Act. The Commission has held that the status of a “person” under the Act is not determined by his or her own declaration of what he or she is, but what he or she is, in fact, doing. *See, e.g., Carolina Marine Handling, Inc. v. South Carolina State Ports Authority*, 2000 WL 722272 (FMC) (citing *Stark v. Willard*, 321 U.S. 288, 309 (1944)) (citing *Marine Terminal Practices of the Port of Seattle*, 18. S.R.R. 141, 156 (ID 1978), adopted 18 S.R.R. 1029 (FMC 1978)). Resolution of this question depends upon consideration of the facts. *Id.* Therefore, under its prior precedents (in addition to considering the representations of the parties), the Commission should consider Impexia’s actions in determining whether its activities fall within the definition of a regulated entity under the Shipping Act.

c. Impexia Is Not An Entity Subject to the Shipping Act of 1984.

As set forth in the accompanying Declaration, Impexia is not, nor has it ever been, engaged in the business of providing ocean freight forwarding/NVOCC services, nor does it hold itself out to the public as an “ocean common carrier.” Consequently, Impexia is not a “person” subject to the Shipping Act, and the Commission lacks personal jurisdiction over it. Moreover, the mere fact that Impexia (during the normal course of its business activities) may come into contact with entities that are engaged in regulated ocean transportation activities does not imbue Impexia with the any of the characteristics sufficient to authorize the FMC to exercise

jurisdiction over it. Section 41103(a) prohibits a common carrier, marine terminal operator, or ocean freight forwarder from engaging in certain conduct. Because Impexia is not a common carrier, marine terminal operator, NVOCC, or ocean freight forwarder, nor has it ever acted as one, the Commission lacks jurisdiction over the company.

Impexia is a corporation registered in the State of New Jersey with a registered office located at 14 Hasbrouck Place, Rutherford, NJ 07070. (Declaration of Cuneyt Karadagli (“Decl.”) at ¶ 2, a copy of which is attached hereto as **Exhibit A**.) Impexia has never had its principal place of business or registered address located at 1709 Zink Place Unit 5 Fair Lawn NJ 07410, as Complainants alleged in the Complaint at ¶ 6. (Decl. at ¶ 2.) In their submissions, BGL and Barsan Int’l also both denied that Impexia ever had its principal place of business at Barsan Int’l’s address. *See* BGL and Barsan Int’l Answer at ¶6.

Impexia performs procurement management providing building materials, and complete industrial products. (Decl. at ¶ 1; *see also* Impexia Company Profile, a copy of which is attached as **Exhibit B**.) Impexia deals with U.S. government agencies as well as private clients globally. (Decl. at ¶ 1.) Impexia has a client-customer relationship with Barsan Int’l. (Decl. at ¶¶ 7, 15-19, 31.) In fact, Impexia has hired Barsan Int’l at least five (5) times to provide multi-modal transport services. (Decl. at ¶¶ 16-19.) Impexia does not have (nor has Impexia ever had) any type of corporate affiliation, nor has Impexia existed or acted as a subsidiary of Barsan Int’l. (Decl. at ¶ 32.) Impexia is its own unique corporate entity, independent of BGL and Barsan Int’l.

As set forth in the Declaration, there is a simple, straightforward explanation for Impexia’s use of Barsan Int’l’s address. Impexia used Barsan Int’l’s mailing address as a temporary measure while Impexia was obtaining its own commercial address. Since Ms. Burcin

Karadaglia (Mr. Karadagli's wife) previously worked at this location, it was practical for her to receive express mail/courier deliveries for Impexia at this address. (Decl. ¶¶ 22, 28, 29.) In addition, in the past, Mr. Karadagli rented office space upstairs from Barsan Int'l's space and hoped to be able to negotiate a new lease of the same space for Impexia. (Decl. at ¶ 27.) In sum, use of the Barsan Int'l address by Impexia was a temporary measure. (Decl. at ¶ 28.)

Based on the single fact that Impexia utilized Barsan Int'l's mailing address, Complainants improperly assert that Impexia is a "mere corporate shell of Barsan/BGL" (Complaint at ¶ 10), and on this thin reed rests Complainants' complicated conspiracy theory that Impexia's sole purpose is to use the proprietary business information of BGL's and/or Barsan Int'l's customers to compete with Barsan Int'l's customers and to solicit import/export trading business from the clients of BGL and Barsan Int'l's customers. Complaint at ¶ 10.

Complainants offer no proof whatsoever that Impexia was involved in such a scheme, other than their brief conclusory allegation. In fact, Impexia has no corporate affiliation whatsoever with Barsan Int'l or BGL and was simply (albeit improperly) using Barsan's address for the sake of convenience. (Decl. at ¶¶ 22, 28, 31, 32.) BGL and Barsan Int'l also deny that Impexia was a corporate shell of BGL and Barsan Int'l for any purpose. BGL & Barsan Int'l Answer at ¶ 15. When Impexia realized its mistake, Impexia immediately ceased its use of the address and apologized to Respondents. (Decl. at ¶¶ 26, 28.)

Simply put, Impexia is not, nor has it ever been, engaged in the business of providing ocean freight forwarding/NVOCC services, nor does it hold itself out to the public as an "ocean common carrier." (Decl. at ¶¶ 4, 15, 23.) And, finally, no scheme has ever existed between Impexia and Respondents. (Decl. at ¶ 33.) Impexia obtained its clients by its own diligent efforts (Decl. ¶¶ 33-28.)

d. Complainants Fail To Address Facts Affirmatively Showing that the Commission Has Personal Jurisdiction Over Impexia.

Under Rule 12(b)(2), it is not sufficient for a plaintiff to establish personal jurisdiction merely by asserting conclusory allegations:

Where a district court's personal jurisdiction is contested, plaintiffs ultimately bear the burden of persuading the court that jurisdiction exists. A district court deciding a motion to dismiss for want of personal jurisdiction should apply the prima facie standard, under which the district court considers only whether the plaintiff has proffered evidence that, if credited, is enough to support findings of all facts essential to personal jurisdiction. However, the prima facie showing of personal jurisdiction must be based on evidence of specific facts set forth in the record. In other words, the plaintiff must go beyond the pleadings and make affirmative proof.

See Memorandum and Order on Respondents' Motion for Reconsideration, *R. O. White & Company and Ceres Marine Terminals Inc. v. Port of Miami Terminal Operating Company et al.*, Docket No. 06-11 (2007) (citing *Negr On-Torres v. Verizon Communications, Inc.*, 478 F.3d 19, 23 (1st Cir. 2007)) (citations and internal quotation marks omitted).

Complainants fail to carry their burden of making a *prima facie* showing that the Commission has personal jurisdiction over Impexia under the Shipping Act. Complainants assert that “[d]uring the period commencing on or about January 2009 continuing through on or about the middle of January 2011 **Barsan Int’l** provided NVOCC services to DNB and AFI for shipments originating at US Ports for delivery at Ports in Turkey and other ports and points pursuant to a Contract Carrier Agreement executed on January 15, 2009 . . .” Complaint at ¶ 11 (emphasis added). Complainants make no such allegation that Impexia was providing NVOCC services, ocean freight forwarding services or engaging in any other regulated activities under the Shipping Act. Instead, without any factual support, Complainants insert the terms “corporate shell” and “alter ego” liberally in the Complaint, in the hope that these accusations will blind the Commission to Complainants’ failure to carry their burden and that the mere assertions will

create a sufficient legal nexus between Impexia and BGL and Barsan Int'l (whose activities are regulated by the Shipping Act) to provide jurisdiction over Impexia. Complaint at ¶¶ 10, 15, and 35. Whether or not the officers of Barsan Int'l "maintain a close relationship" (Complaint at ¶ 22) with Mr. Cuneyt Karadagli, the president of Impexia, and whether or not they were "facebook¹ friends," these allegations are simply insufficient to establish that Impexia has a corporate relationship with, is affiliated with, or is or ever has been under the influence, direction or control of Barsan Int'l.

To the contrary, Ms. Karadagli was an employee of Barsan Int'l for six (6) years, and Mr. Karadagli hired Barsan Int'l for its international transportation services on behalf of several of Mr. Karadagli's former and present businesses, including Impexia. (Decl. at ¶¶ 7, 8, 9, 10, 12, 13, 15, 16-19.) It is therefore not surprising that Mr. Karadagli would have a working relationship (Impexia does not necessarily characterize that relationship as "close") with Barsan Int'l based on years of professional and personal interaction.

IV. CONCLUSION

The Complainants have failed to establish that the Commission has personal jurisdiction over, or authority to issue any orders binding Respondent Impexia. Accordingly, the Commission should dismiss this proceeding against Impexia Inc.

¹ Considering that as of February 2010, over 400 million people use Facebook, it is difficult to contend that being Facebook friends necessarily implies a "close relationship." See <http://www.webpronews.com/how-over-400-million-people-use-facebook-2010-02>.

Relief Requested

For the foregoing reasons, Impexia hereby moves the Commission to dismiss the Complaint as to Impexia with prejudice.

INTERNATIONAL, INC., and IMPEXIA INC.,

Respondents.

**DECLARATION OF CUNEYT KARADAGLI IN SUPPORT OF IMPEXIA'S
MOTION TO DISMISS FOR LACK OF PERSONAL JURISDICTION**

I, Cuneyt Karadagli, also known as Jimmy Karadagli, declare under penalty of perjury that the following is true and correct:

1. I am currently the President and Special Products Coordinator of Impexia Inc. ("Impexia"), a U.S.-based procurement firm that specializes in providing overseas services to the United States Government and to global construction companies. Impexia performs procurement management providing building materials, and complete industrial products. Impexia deals with U.S. government agencies as well as private clients globally. In addition, Impexia offers a unique service to companies, where a single qualified source supplier is considered more beneficial and cost effective than estimating, sourcing, and expediting all items on a project. Consequently, Impexia's responsibility is to fully manage and coordinate each of a project's following phases: takeoffs/bills of material; quotation/proposal preparation; submittals of

manufacturers' technical data; shop drawings; approvals review; production and fabrication; field coordination; and shipments, and logistics.

2. Impexia was incorporated on March 11, 2010 in the State of New Jersey. In the Articles of Incorporation, I listed my home address of Hasbrouck Pl, Rutherford, New Jersey, 07070 as the registered office for Impexia. See Certificate of Incorporation of Impexia Inc., a copy of which is attached to this declaration as **Exhibit 1**.

3. I am currently the only member of Impexia. When I first started Impexia, I intended for my cousin, Mr. Okan Eker, to be my partner in the Company. Accordingly, Mr. Eker's name appears in Impexia's Certificate of Incorporation. (**Exhibit 1**). Currently, Mr. Eker lives in Turkey. In April of 2011, Mr. Eker and I decided to end our partnership in Impexia. I intend to file new documents on which Mr. Eker's name will not appear as a partner in Impexia.

4. Impexia is not and has never been an "ocean common carrier," a "marine terminal operator," nor an "ocean transportation intermediary." Impexia does not and never has participated in providing transport of any shipments by ocean (as a carrier). Impexia has always hired a freight forwarder, NVOCC, or ocean common carrier to transport its products by ocean in the U.S. foreign commerce.

5. Since 2005, I have incorporated and operated several companies, including Source Concept, Inc. d/b/a Myra Home, House of Water LLC, House of Water Inc, and Impexia Inc. Source Concept, Inc. d/b/a Myra Home was incorporated on July 20, 2005 and ceased operations in April of 2009. House of Water, Inc was incorporated in June 2009 and ceased operations in December of 2009. I was president with a 33% share with two other partners. In January of 2010, which was previously House of Water, Inc. became House of Water LLC. House of Water LLC ceased operations in November of 2010.

6. At the time Impexia was incorporated, and while my other companies were in operation, my wife, Burcin Karadagli, was employed by Barsan International, Inc. ("Barsan Int'l") as an Accounting Manager. I was familiar with the company, Barsan Int'l, through my wife because she worked there from October 2005 until April 2011.

7. I chose to hire Barsan Int'l for my own companies' transportation needs because there are only a few ocean freight forwarders or NVOCCs that service the United States-Turkey trade. Barsan Int'l is unique because it has its headquarters in Turkey with branches in the United States. Based on this, among other reasons, I was familiar with the company and was comfortable hiring them.

8. In dealing with the sale of rugs, Source Concept d/b/a Myra Home hired Barsan Int'l to transport by ocean two different containers of rugs from Turkey to the United States on April 30, 2008 and on May 9, 2008. *See* Source Concept d/b/a Myra Home/Barsan Int'l Ocean Freight Invoices, copies of which are attached as **Exhibit 2**. From July of 2008 through April of 2009, I also used Barsan Int'l warehouse services for storing Myra Home inventory. *See* Source Concept d/b/a Myra Home/Barsan Int'l Warehouse Freight Invoice, a copy of which is attached as **Exhibit 3**.

9. When Myra Home's biggest customer filed for bankruptcy in November of 2008, I had no choice but to stop operating Myra Home.

10. In dealing with the sale of industrial products, Source Concept d/b/a Myra Home hired Barsan Int'l to transport shipments from the U.S. to Turkey and Pakistan in the time period spanning December 2008 through December 2009. *See* Source Concept d/b/a Myra Home/Barsan Int'l Air and Ocean Freight Invoices, copies of which are attached as **Exhibit 4**.

11. In August of 2009, I began selling bottled water. In September of 2009, along with a partner, I incorporated House of Water Inc. ("House of Water"). I stored some of the company's inventory in the Barsan Int'l warehouse and paid for those services. I was a regular customer, who often accessed properly and with authorization the Barsan Int'l warehouse in order to load water onto my truck. House of Water paid for these services as would any other customer. *See* House of Water/Barsan Int'l Warehouse Invoices, copies of which are attached as **Exhibit 5**.

12. On behalf of House of Water, I also hired Barsan Int'l to provide ocean freight services between September 2009 and September 2010. House of Water paid for these services as would any other customer. *See* 9/30/10 House of Water/Barsan Int'l Ocean Freight Invoice, a copy of which is attached as **Exhibit 6**.

13. From July 2009 until September 2009, House of Water rented an office space located at 1709 Zink Place Unit #3, Fair Lawn, NJ 07410, upstairs from the Barsan Int'l warehouse located at 1709 Zink Place Unit #5. *See* Asik Warehousing Inc. Invoices for Rental of Office space, copies of which are attached as **Exhibit 7**. After September of 2009, House of Water had office space at another location, including at my own residence at 14 Hasbrouck Place, Rutherford, NJ 07070. I stopped operating House of Water by mid-October of 2010 because I did not think that the company would succeed and I was not happy with my partner.

14. In November 2010, I shifted my focus to Impexia, which was selling certain products to the Turkish and Pakistani militaries.

15. Impexia often hired Barsan Int'l, a FMC-licensed ocean freight forwarder and NVOCC, to provide ocean transportation services. Impexia, itself, has never issued a bill of

loading and has never engaged in ocean transportation. Impexia has always hired an ocean freight forwarder, NVOCC, or ocean common carrier to handle Impexia's ocean shipments.

16. Specifically, since March 2010, Impexia has hired Barsan Int'l to transport by ocean two shipments of certain non-military items to Turkey. *See* Impexia/Barsan Int'l Ocean Freight Invoices, copies of which are attached as **Exhibit 8** and **Exhibit 9**.

17. In April/May 2010, Barsan Int'l transported by ocean a shipment for Impexia from Barsan Int'l's warehouse to Turkey. *See* 5/4/10 Invoice, **Exhibit 8**.

18. In November/December 2010, Barsan Int'l transported by ocean a shipment for Impexia from Barsan Int'l's warehouse to Turkey to the end user, 77 Construction Company. *See* 12/9/10 Invoice, **Exhibit 9**.

19. Since March 2010, I have hired Barsan Int'l to make two air shipments of certain non-military items to Turkey for Impexia (*see* Impexia/Barsan Int'l Air Freight Invoices, copies of which are attached as **Exhibit 10**) and one road shipment.

20. I have never hired Barsan Int'l to store Impexia's products in its warehouse. However, it is possible that Impexia products were stored in the Barsan Int'l warehouse while in the care of Barsan Int'l.

21. Barsan Int'l has never shipped by air or by ocean any of Impexia's electrical products.

22. From November 12, 2010 until March 7, 2011, I posted the address 17-09 Zink Place Unit #5, Fair Lawn, New Jersey, 07410 on Impexia's website (www.impexiausa.com) and in the signature line of my Impexia business emails. 17-09 Zink Place Unit #5, Fair Lawn, New Jersey, 07410 is also the address of Barsan, Int'l. I used the Barsan Int'l address as Impexia's mailing address out of convenience because my wife worked there and was easily able to bring

home mail addressed to Impexia. At no time was the Fair Lawn address Impexia's registered address.

23. Never during the time I was using the Barsan Int'l address, did Impexia hold itself out as an ocean freight forwarder or an NVOCC.

24. During the time Impexia was using the Barsan Int'l address, I wrote multiple emails, on behalf of Impexia, seeking freight quotes from Barsan Int'l employees, including Isik Onur, Ugur Aksu, Sevgi Cebe, Tugsan Uresin. The recipients of these emails surely saw that Impexia listed the Barsan Int'l address as Impexia's mailing address. Barsan Int'l was therefore aware that Impexia was using the same address as early as November 2010, but Barsan Int'l made no objections until March of 2011. See 11/30/10, 1/28/11, and 2/28/11 Emails,¹ copies of which are attached as **Exhibit 11**, **Exhibit 12**, and **Exhibit 13**.

25. I declined to use Barsan Int'l's transportation services during the time period I was using the same address as Barsan Int'l (November 2010 through March 2011) because Barsan Int'l's quotes were higher than the ones I had received from other freight forwarders.

26. On March 4, 2011, I was confronted by Ugur Aksu, President of Barsan Int'l, who ordered me to cease using the Barsan Int'l business address for Impexia. I agreed to stop using the address and by the next business day I had removed the Barsan Int'l address from everything associated with Impexia, including the website and my business email signature.

¹ Pursuant to Rule 7 of the Rules of Practice and Procedure, I have provided English translations of emails that were originally in Turkish. The English translation appears first and behind each translation is the original Turkish version. The translations have been prepared and notarized by Link Translations, an independent company, whom I have hired to perform this service. eslihan Torgut of Link Translations has provided a verification of the accuracy of the translations which is included with this Declaration.

27. I was interested in continuing to rent the same office for Impexia as I had used for House of Water. I was in the process of negotiations with the landlord, when Barsan Int'l approached me in early March 2011 and asked me to stop using Barsan Int'l's address for Impexia's mail.

28. Impexia was using the Barsan Int'l address only as a temporary measure and only until I was able to obtain office space for Impexia. As I stated above, I was in the process of negotiating a business address for Impexia in March of 2011 when Barsan Int'l requested that I cease using its address. I realize that it was improper for me to use the Barsan Int'l address, and I regret having done it. As soon as I realized my mistake, I took corrective action. For example, on March 7, 2011, I sent a letter to Barsan Int'l apologizing for using the Barsan Int'l address as Impexia's mailing address. *See* March 7, 2011 Apology Letter, a copy of which is attached as **Exhibit 14**. Then, I immediately ceased all use of the address.

29. After Impexia stopped using Barsan Int'l's address in March 2011, Impexia opened virtual offices in New Jersey, Florida and Texas through Regus.com. Impexia used one telephone number for all three locations, due to the fact that there are no physical offices in Florida or Texas. As of the date of this declaration, Impexia has a physical office through Regus.com located in Saddlebrook, New Jersey. Impexia still maintains virtual offices in Florida and Texas.

30. As of March 4, 2011, I had negotiated for Barsan Int'l to handle the ocean shipment of its first Impexia electrical product. After Mr. Aksu spoke to me, Barsan Int'l withdrew its freight quote and I was told to remove the Impexia product from the Barsan Int'l warehouse, which I did soon thereafter.

31. No agreement between Barsan Int'l and Impexia has ever existed outside of a normal ocean freight forwarder/NVOCC-customer relationship.

32. Impexia does not have nor has Impexia ever had any type of corporate affiliation or existed as or acted as a subsidiary of Barsan Int'l.

33. At no time has Impexia been involved in a scheme with Barsan Int'l to obtain and utilize BGL or Barsan Int'l's customers' commercial proprietary information with the purpose of engaging in the same business as Barsan Int'l's customers and in order to solicit import/export trading business from Barsan Int'l's customers' clients. Impexia has obtained its customers through my own efforts to research and to market. I frequently used www.fbo.gov to find government contractors as potential clients to whom I could send marketing materials. In emails that were sent on December 8, 12, and 22 of 2010 and on January 18, 2011, I wrote to the following companies, including but not limited to Emta Construction, States Corps, Asfa International Construction Trading Co., Artek Construction, Lona Cec, Fayz Contruction, Chris M Brown, Road & Roof Construction Company, Hertz Construction, Inc., Afghanistan Mutamadin Azad Construction, Sigem Ltd., D&D-FRB Inc, Dorce Holding, Treysan Prefabricated, Zafer Construction, Epik Construction, Kulak Construction Co., Metag Construction, and OBD Construction. I found these companies through my own research.

34. For example, when Impexia was engaged in selling products to the U.S. Corps of Engineers in Afghanistan, as part of my normal business practices, I performed internet research on companies operating in Afghanistan and discovered Emta Construction, located in Kandahar, Afghanistan. I sent Impexia's marketing materials to Gulsen Ozdemir of Emta Construction in order to market to Emta Construction and possibly gain Emta Construction as a customer of Impexia. See December 8, 2010 Email with Impexia Company profile, a copy of which is

attached as **Exhibit 15**. Mrs. Ozdemir's husband, Galip Koper, an employee of Ceytun Construction Company ("Ceytun"), also located in Kandahar, Afghanistan, forwarded my email to his supervisor at Ceytun. On December 9, 2010, Ceytun contacted me and expressed an interest in doing business with Impexia. *See* December 9, 2010s Email from Ceytun to Impexia, copies of which are attached as **Exhibit 16**. At that point, Impexia's business relationship with Ceytun commenced.

35. Impexia did not knowingly receive any information about Ceytun through Barsan Int'l.

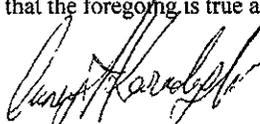

36. As another example, after conducting research on www.fbo.gov, I contacted Metag Construction ("Metag") by sending an email and attaching Impexia's marketing materials. *See* January 18, 2011 Email to Metag Construction, a copy of which is attached as **Exhibit 17**. I did not hear back from Metag. However, Impexia was introduced to Metag by representatives of Ceytun via email on February 5, 2011, not through Barsan Int'l as alleged in the Complaint. *See* February 5, 2011 Email from Niyazi Berberoglu (of Ceytun) Email to Jimmy Karadagli copying Metag territory managers, a copy of which is attached as **Exhibit 18**. On behalf of Impexia, I replied back to Metag on February 6, 2011. *See* February 22, 2011, February 6, 2011 Emails, a copy of which is attached as **Exhibit 19**. At first, Metag did not respond. On February 22, 2011, Metag requested Impexia's services via two separate emails. and was particularly interested in Impexia's electronic material. **Exhibit 19**. *See also* February 22, 2011 Email from Oktay Kasimoglu to Jimmy Karadagli, a copy of which is attached as **Exhibit 20**. At that point, Impexia began to sell electronic material to Metag and the Impexia/Metag business relationship commenced.

37. In August of 2010, I learned about 77 Construction Company ("77 Construction") through its business development manager, Omer Can Kayhan, who is a longtime personal friend of mine. I sent Mr. Kayhan a quote from Impexia for an overhead door, in which 77 Construction was interested. Mr. Kayhan accepted those rates on behalf of 77 Construction and the Impexia/77 Construction business relationship commenced at that point. See November 18, 2010 and November 29, 2010 Emails, a copy of which is attached hereto as **Exhibit 21**.

38. Impexia learned of 77 Construction through my own prior personal relationship with Mr. Kayhan and not through Barsan Int'l as alleged in the Complaint.

I declare under penalty of perjury that the foregoing is true and correct.

EXECUTED ON: June 3, 2011

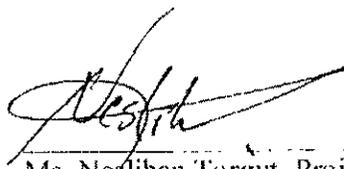

Cuneyt Karadagli

VERIFICATION

I, Neslihan Torgut, of Links Translations, declare and state that the translations Link Translations provided of the emails attached as exhibits to the Declaration of Cuncyt Karadagli are true and correct to the best of my knowledge and belief.

I declare and state under penalty of perjury that the foregoing is true and correct.

Executed on June 3, 2011.

A handwritten signature in black ink, appearing to read 'Neslihan', written over a horizontal line.

Ms. Neslihan Torgut, Project Manager
Link Translations

Subject: RE: SHIPMENT TO CAMP BASTION

Isik, let it be Mersin. Is this the best rate for ocean freight? I had told the customer \$2750 without taking into account the inland. Could you review it and see what you can do for this time. There is a confusion which I couldn't understand either. I'll send the details of the delivery to the warehouse for tomorrow. On Thursday and Monday two separate materials, metal door and metal shutter.
See if you can find Mersin – Bastion inland rate. As I told you, they have 10k rate at hand.

Kind regards

Cuneyt,

If it is more convenient for the client we can unload at Istanbul too. But I'm not sure if we can catch the USD10.000 freight.

I also asked from the IST office an AFG rate with IST exit.

We can unload either in Mersin or Istanbul, depending on the client's choice.

Will the materials enter to our warehouse on Monday? How many pieces will there be?

Also attached you can find the SLI document. Could you complete it accordingly and send it to me together with the commercial invoice?

Thanks and good day

Hi Cuneyt,

They said that if it will exit from the Turkish office by air and Istanbul arrival will be by land, then Mersin arrival would be better.

For Istanbul arrival you may consider the Turkon rates below. For IST-AFG, I'll inquire the IST office again to give me a rate for IST exit.

Thank you and good day

Isik hi,

It needs to be Istanbul. It can't be Mersin because material shipments to Afghanistan from Turkey must be made via Istanbul. Now there is a route between Istanbul and Afghanistan. For your information.

The inland freight forward rate that the client has at hand is \$10000. But I want it to be Barsan, so that I can both provide door-to-door service for the client and work with you, because such Afghanistan freights could become monthly via Istanbul and there can even be more demand.

Subject: SHIPMENT TO CAMP BASTION

Hello Cuneyt,

I'm making a price inquiry for the freight. I'll learn the prices for transfers via both Turkey and Karachi. But I need the average weight for transport. Please advise me about this matter.

Thank you and good day

Cuneyt agbi eger Musteri icin Istanbul uygun olacak ise Istanbula da cikartabiliriz ancak belirttigi 10000 usd navlunu yakalayabilirmiyiz bilmiyorum ,IST ofisime IST cikisli olacak AFG fiyatı da talep ettim

Hangisi uygun olacak is eve musterinin talebine gore Istanbul veya Mersine cikartabiliriz .

Malzemeler bizim depoya pazartesimi girecek , toplam kac adet olacak ?

Ayrıca ekte SLI evragini da iletıyorum buna gore doldurup ,commercial invoice ile beraber ilettebilirmisin ?

Putting it sideways will not be a problem.

They will all be in separate wood boxes. But can you find me the people who could do the wood boxing and even get a quote from them? From there it can directly go to warehouse of the company that will do the airfreight in JFK.

By the way the full dimensions and weight are as below:

4 Boxes HCP Panelboards Each 281kgs, Each 68" H x 42" W x 9.5" D
9 Boxes HCRU Panelboards Each 330kgs, Each 86" H x 44" W x 9 5" D

Cuneyt agbi { *Translator's Note: Agbi is a term of endearment widely used that means big brother* } hello,

We do not do wood boxing in our warehouse that is why there are companies around JFK that do this work and they should do it, will the 13 panelboards each be wood boxed separately? Also you mention the height as 88", can we put that sideways as it is quite high.

Thanks and best,

Ms Isik Onur

Subject: Panelboards to Afghanistan Kandahar

Isik hi,

The material below are being manufactures right now and I will receive them on February 15 (could be Fair Lawn NJ). Can you obtain a price for airfreight? Also the panelboards will be wood boxing (export packing), if there is a person who can come to your warehouse to take care of this please let me know. If not it would be logical to first ship it to the place that would get the wood boxing done and then have it picked up for air freight.

You have not done it for me but Impexia is a "Known" shipper by TSA – for your information. ☺

13 Panelboards, Each Box 88"H x 46"W x 11.5"D, Each Box 300kgs
Material Electrical Panelboards and going to Kandahar/Afghanistan.

Hi Isik,

I need to send two units of Dry-Type Distribution Transformer to Turkey. Delivery to Istanbul port.
Ocean partial freight.

Dimensions: Each H: 51" x W: 42" x D: 26"

Weight: Each 1436 lbs

We can't put them on top of one another, non-hazmat, commercial value \$15,000. It will be on
palettes, but from small ones.

I've attached a picture of the freight.

Dear Ms. Gulsen,

I saw your name on a website that follows-up US federal bureaucratic procedures and wanted to write to you. As far as I understand previously you participated in a project in Afghanistan. Impexia is a material supplier for construction companies that contracts with the US Department of Defense and the British Department of Defense in construction projects in Afghanistan, Iraq, Pakistan and Turkey. We supply materials from the USA as well as from the other parts of the world.

30 km close to New York ports we have a closed warehouse that extends to 8.000 m2. We store our customers' merchandises here and provide them with advantageous logistics and transportation price quotes for destinations they need.

For air transportations we work with DHL Global Forwarding and National Air Cargo, while for ocean and inland freights we have advantageous contracts for regions we operate in.

Attached you may find our company profile.

You can be assured that you'll be provided most advantageous services if you give us the opportunity.

Kind regards

Merhaba Gulsen Hanım

İsminizi US Federal işlerin takibini yapan bir internet sitesinde görünce yazmak istedim. Sanırım daha evvel Afghanistan'da bir projeye katkıda bulunmuşsunuz.

Impexia olarak, Afganistan, Irak, Pakistan, Türkiye bölgelerinde, US Department of Defense ve British Department of Defense'e iş yapan ve kontratlarını alan inşaat firmalarına ABD'den ve dünyanın diğer bölgelerinden her türlü malzeme tedarigi yapıyoruz. Bu bölgedeki müşterilerimize iş ve kontrat alabilmeleri için oldukça rekabetçi fiyatlar sunuyoruz. New York limanlarına 30 kilometre yakınlıkta 8000 metre karelik kapalı depomuz var, burada müşterilerimizin malzemelerini depolayabiliyoruz ve ihtiyaç duyduklarında ihtiyacı olan bölgelere çok avantajlı lojistik ve nakliye fiyatları veriyoruz. Hava nakliyede DHL Global Forwarding ve National Air Cargo, deniz ve kara nakliyede de Barsan Global Logistik ile çalıştığımız bölgelere yönelik fiyat avantajlı kontratlarımız var.

Ekte firmamızın profilini bulabilirsiniz.

Bizlere fırsat verirseniz sizlere ne kadar avantajlı olduğumuzu göstereceğimize güveniniz olmasın.

Kind regards

Merhabalar

I'm one of the managing partners of Impexia. We found your name on a website that provides the name of the companies have done jobs for the US DoD.

As Impexia we have been procuring to U.S. federal, state, and local government agencies. We also procure-mainly from USA and as well as around the world-customer specific materials for our construction, engineering, food, logistics, service companies that work with US Department of Defense and British Department of Defense in Afghanistan, Iraq, Pakistan, and Turkey. We give very aggressive and advantageous prices to our customers in those regions so that they can submit competitive prices for contracts and bids.

We know how difficult to move something from one place to another so haven't said that you don't have to worry on forwarding your materials all around. We store our customers materials in our warehouse located to eastern ports of the US, so that whenever they need something it's ready in our warehouse. We ship it for them with very aggressive freight costs, logistic wise&shipping wise. Since we have contracts with DHL Global Forwarding & Express, National Air Cargo, DSV Forwarding to those geographies we're able to quote very aggressively, time wise&financial wise.

Attached you can see our company profile.

We will look forward to seeing an opportunity so that we can prove our self being of service to you.

Kind regards

Attachments: Flood Light Camp Dwyer.jpg

Dear Mr. Jimmy Karadagli,

I got your contact information from our General Manager. As you may know METAG A.S. is a prime contractor that undertakes particularly Afghanistan USACE projects.

We wish to cooperate with you in our operations. The products that you may see in the attachment are GE brand. How can we organize the procurement of these products from the US in fast and economic manner? After the procurement we are able to transfer the merchandise directly to Kandahar by DHL.

I'll be waiting for your price quote and delivery time in relation to these products. Thank you for your cooperation.

Kind Regards,

Guney Guner

Dear Mr. Niyazi,

Of course, we are ready to do whatever we can. You know our working standards and the services we provide. We are confident that we will work effectively with Mr. Tayfun and Mr. Turgay too.

Mr. Tayfun and Mr. Turgay,
Attached you may also find our company profile. It would be great if you take a look when you have time. There you may find a detailed explanation of the services that we can provide for you.

No matter whether it is a minor or major request, you can always contact us for your needs. We are looking forward to hearing from you.

Kind regards

Sayın Jimmy Karadagli ,

İletişim bilgilerinizi Genel Müdürümüzden aldım. Bildiğiniz gibi METAG A.Ş. olarak Afganistan USACE ağırlıklı projelerde ana müteahhit olarak faaliyetleyiz.

Bu kapsamda sizinde desteğinizi alarak yolumuza devam etmek arzusundayız.

Ekte göreceğiniz ürünler GE marka . Bunları Amerika'dan hızlı ve uygun fiyatlı bir şekilde nasıl organize ederiz? Tedarik sürecinden sonra DHL ile direkt Kandahar'a sevkiyat yapabiliyoruz.

Konu ile ilgili teslim süresinide belirten fiyat teklifinizi bekler yardımlarınız için şimdiden teşekkür ederim.

Saygılarımla,

"Integrity is what we do, what we say, and what we say we do"

From: Jimmy Karadagli [mailto:jkaradagli@impexiausa.com]

Sent: Friday, November 19, 2010 1:30 AM

To: 'Omercan Kayhan'

Subject: URGENT RE: RFQ W5K9FH-11-T-0040

Hi Omer,

- The Kalkavans have one ship tomorrow, but it is impossible to catch it, because we can't get finished until then. Next week they skip because of the Thanksgiving . So the first departure is on Dec. 1.
- They said the production of the overhead doors would take 2-3 weeks. But I begged them and made them confirm that they will deliver the goods to the warehouse until Nov. 30. But I have to send the deposit tomorrow to have the production started (If you confirm I can send them some money on your behalf). Thus, we will be able to catch the Kalkavans' fast ship (3 weeks) departing on December 1.
- The production of custom made metal personnel doors takes 7-10 days. So these will also be delivered to the warehouse until November 30 and will be loaded.

I'll send the proposals to you in another mail. But you should confirm the order tomorrow in order to start the production of overhead doors, as they have the longest production time.

Kind regards

Jimmy Karadagli

IMPEXIA COMPANY PROFILE

We feel great pleasure in introducing ourselves as one of the leading indenting house in the US. We are buyer and seller of complete industrial products including ferrous and non-ferrous metals in all shapes and sizes, earth moving & workshop machinery, machine tools, pumps, compressors, generators, turbines, boilers, soot blowers, burners, IT & Communication, food and food related products, military supplies, living essentials, and spare parts for any application.

Overview

Begun on the proverbial "back of the napkin", Impexia has now spread its wings over many nations, balancing itself on the cutting edge of change while embracing the traditional approach of 'integrity' and 'trust'.

The burning torch of 'humanity' combined with 'good business sense' is the vessel that has brought Impexia to even supply the needs of high risk prone war zones such as Iraq and Afghanistan. At every step of the way towards success, the essence has always been 'a service satisfied and a smiling customer' as our backing.

Our primary focus area:

Procurement

Engineering Products, Building Materials, Military Supplies, Metals & Commodities, Life Essentials, Medical Supplies, Food & Food Products, Computer Hardware, Clenzoil "Field and Range".

Our Mission

Our mission is to be "your service provider of choice". Our core values, "Quality, Integrity & Trust", go hand with our passionate zeal to be your final answer to dependable quality.

Imagination that captures the world is not just a fancy tag line. It is the way we think, the way we act, the way we live, for ourselves, for our customers, and for the world at large.

New challenges. New opportunities. New initiatives. In today's economic environment. More and more people are finding themselves in the position of planning their own financial futures.

Modern products need to be structured to satisfy these individual needs. Businesses are becoming more adept at seizing new opportunities driven by technological innovation.

As we face competing in an ever tougher arena, our desire to be a leader in the procurement sector can only be achieved by continuing to meet complex challenges; Delivering strong performance for our clients; Attracting the best talents; Behaving responsibly towards the environment and the community in which we operate; Constantly investing in core businesses and technology to achieve greater performance; Maintaining strategic momentum and our track record.

Our Vision

There is a renewed sense of excitement across Impexia, as we reflect upon our past and look expectantly towards our future. We have come a long way from our startup days, but we continue to be nimble and responsive. We aim to continue our rapid growth and are within striking distance of the mega-sized vision we had set for ourselves. As we move surefooted towards becoming a truly Global Trading Co., we smell the compelling call of success.

Couple of years ago we dared to dream of an Impexia that would become a versatile company. Emboldened by success and seasoned by our journey from the developing markets to an international arena, we are setting the score for our next symphony. We believe that by the end of this decade, we will take our place as one of the reputable procurement company in our market. Proprietary products and services will give momentum to future growth, while our core business will keep the rhythm.

Even as we savor the performance of the present, excitement and anticipation punctuate our preparation for the future. Identifying new competencies to build and gaps to bridge, we will ensure another winning score.

PROCUREMENT

Overview

Founded as a trading company and honing the skill for a half decade, we're improving the way companies do business across borders.

If you can name it, we can get it for you! Our buyers have tentacles that reach around the world and into almost every class of goods, products, and supplies. We build lasting relationships with our suppliers and vendors so you benefit on every purchase. Specializing in Living Essentials, we pride ourselves in the broad capacity that is able to turn a desert land into a fully functional campsite in 30 days. We have perfected the art of sourcing the best and in the most efficient manner. This is a boast borne out of nearly a half decade of dealing with the most demanding of environments.

The goal is to make it easier for customers to transact business and manage their global supply chains.
