Subject: LHE INTERNATIONAL, INC. changes to the FMC OTI Regulations
To: Kemal Kurtulus <Kkurtulus@fmc.gov>

Dear Mr. Kemal,

Our comments to proposed changes to the FMC OTI Regulations are:

515.31 (j) Agree with the new terms regarding the QI

515.4 Agree to delete eliminate the additional financial burden when employing an agent.

515.11 Agree with the proposed changes.

515.14 (14) Agree to the renewal every two years because I have experienced many instances where the QI does not work any longer with the OTI and it has not been reported.

515.20 Agree about the requirement to report changes on the QI status.

515.21 Do not agree to the increased bond requirements because it will eliminate many low volume low revenue OTI to go out of business because they will no longer qualify to purchase a bond.

515.23 Agree to the priority proposed.

515.31 Agree to the proposed changes

515.33 Agree to the proposed changes

Sincerely,

Leticia Machuca
