## NOTICE

---

*June 15, 1984*

The initial decision in this proceeding was served June 1, 1984. This decision ordered all parties to advise the Commission within five days of that date whether or not they intended to file exceptions. This action was taken to facilitate final disposition of the proceeding prior to the effective date of the Shipping Act of 1984 (i.e., June 18, 1984). All parties advised the Commission that they would not be filing exceptions.

The Commission's 30-day period to request review of this decision, pursuant to 46 CFR 502.227, is currently scheduled to expire on July 2, 1984. However, given the Commission's objective to finalize as many formal proceedings as possible and feasible prior to June 18, 1984, the Commission has considered the involved initial decision and has determined that it will not review it. Accordingly, the initial decision in this proceeding has become administratively final.

By the Commission.
