

May 24, 2016

Dear Commissioners of the FMC,

My name is Gabriel Rodriguez, and I am President and CEO of A Custom Brokerage Inc.

A Custom Brokerage Inc. is party to a service contract with COSCON that was transferred from China Shipping, and we have not yet reached agreement on transition to a new COSCON contract.

I understand that COSCON has filed a petition with the Commission that would allow our company to continue using the terms of the former CSCL tariff until the end of July. We strongly support that petition and request that it be granted to allow us time to complete transition discussions and avoid the disruption that would occur if the contracts were to expire on June 1 as the result of "tariff termination."

Sincerely,

Gabriel Rodriguez
