Subject: PROPOSED FMC Docket 02-15, Passenger Vessel Financial Responsibility

Dear Secretary VanBrakle--

Great Cruises, Inc. is a cruise travel agency in Charleston, South Carolina.

We strongly oppose the proposed FMC bond to cover consumers in event of cruise line default.

Our feeling is that this bond will force the cruise lines to eventually raise prices, which is not in the consumer's best interest.

Rather than give you a lengthy email detailing our reasons for opposing this FMC proposal, please just count this email as a vote AGAINST this proposed bond.

Thank you for your time.

Carol R. Phillips, MCC
President
Great Cruises Inc
