Summary of the Federal Maritime Commission's (FMC) 2022 Federal Employee Viewpoint Survey Results

The Office of Personnel Management's (OPM) Federal Employee Viewpoint Survey (FEVS) measures employees' perceptions of whether, and to what extent, conditions characteristic of successful organizations are present in their agency. The FEVS provides Commission employees an opportunity to share their perspectives on many critical areas including leadership, communication, pay, innovation, and work-life balance. Aggregated at the working-unit level, survey results provide anonymous staff feedback used by managers to see where improvements within their work unit may be necessary. The quantified results provide FMC leadership measurable insight into areas where improvements have been made, as well as the opportunity to identify areas for additional focus. Results from the FEVS are also used by the Partnership for Public Service (Partnership) in its annual rankings of the *Best Places to Work in the Federal Government*.

FMC Recognition (2017 – 2021)

In 2021, the Federal Maritime Commission was number 11 of 29 small agencies in the *Best Places to Work in the Federal Government* rankings and saw placement in the Top 10 between 2018 and 2020. In 2017, the FMC was recognized by the Partnership as the *Most Improved Small Agency over the Past Five Years* jumping up 6 positions from 23rd to 17th among small agencies. The FMC is proud of its continued accomplishments and remains committed to ongoing improvements.

Summary of FMC's 2022 FEVS Results

Based on our 2022 FEVS results, the Commission continues to serve as a model federal agency. We continued to have <u>no items</u> identified as "Challenges" (items rated 35% or more negative are considered a challenge). We also saw our biggest jump in the question, "My supervisor is committed to a workforce representative of all segments of society", which had a 90% positive response, up 7% from last year. The top three responses in the 2022 survey include:

- "Employees in my work unit meet the needs of our customers" (97%)
- "It is important to me that my work contribute to the common good" (96%)
- "Employees in my work unit contribute positively to my agency's performance" (95%)

OPM uses the Employee Engagement Index (EEI) to measure factors that lead to an engaged workforce, such as supporting employee development and communicating agency goals. This Index is an average of 15 questions from the FEVS, with questions divided into three subcategories: Leaders Lead, Supervisors, and Intrinsic Work Experience.

This year, the overall Employee Engagement Index reflected the following:

- 76% in **Employee Engagement** (81% in 2021) Conditions that lead to engaged employees
- 84% on **Supervisors** (86% in 2021) The interpersonal relationship between worker and supervisor, including trust, respect, and support
- 76% on **Intrinsic Work Experiences** (82% in 2021) *Employees' feelings of motivation and competency relating to their role in the workplace*
- 70% on **Leaders Lead** (74% in 2021) Perceptions of leadership integrity and behaviors, such as communication and workforce motivation

The Agency-Specific Questions introduced in our 2018 FEVS provided additional insight to help further define and refine the Commission's employee engagement strategy. The FMC-specific questions in the

2022 survey continued to be identified as strengths (65% positive or higher):

- 85% feel FMC policies and practices are applied in a fair and equitable manner to all employees (80% in 2021).
- 67% believe the Commission is headed in the right direction in its efforts to create a more positive working environment (72% in 2021).
- 67% trust their leaders to assist them through counseling, training, and opportunities to advance their career in the FMC (66% in 2021).

Continuing to Move Forward

The Commission's deliberate and united efforts to constantly improve our working environment and employee engagement continues to have a positive impact on our employees. We will continue to build on these successes and work even harder to further improve employee engagement and make the FMC the *Best Place to Work in the Federal Government*. It is leadership's belief that hallmark areas, like the Commission's Workforce Improvement Plan (WIP), will continue to be instrumental in helping us achieve our goals. Developed by the Senior Management team in 2013, the WIP is updated annually. Each renewed plan identifies and communicates the projects or initiatives the Commission is working on, has completed, or is considering undertaking in the future. These projects are designed to improve and support a positive and effective working environment as well as to involve and engage employees. The WIP's annual update process incorporates input from the entire agency, the FEVS responses, as well as mark the addition, revision, and completion of specific projects and initiatives.

Examples of initiatives selected and completed over the last 5 years include:

- Developing a new Annual Diversity Training Program
- Developing and conducting in-house Retirement Readiness Workshops
- Conducting Port Tours and Site Visits
- Conducting Path to Leadership Seminars and Roundtables
- Implementing a Leadership Development Program and SES Development Program

We have had many successes over the past year; however, I am most proud of the people who are invested in the agency's mission and make the FMC such a wonderful place to work every day.

Daniel B. Maffei Chairman Federal Maritime Commission

^{*} AES prescribed items as of 2017 (5 CFR Part 250, Subpart C)

Percentages are weighted to represent the Agency's population.

Q12 and Q34 are negatively worded, so percent positive scores include "Strongly Disagree" or "Disagree" responses and percent negative scores include "Strongly Agree" or "Agree" responses. Results for these items should be interpreted with caution as these items have been flagged for review for 2023.

For confidentiality purposes, a "—^c" indicates that there are fewer than 4 responses to Questions 82, 83, or 84 and results are therefore suppressed. Source: **Federal Maritime Commission AES Report,** 2022 OPM Federal Employee Viewpoint Survey

Telework/Remote Work

Telework: a work flexibility arrangement under which an employee performs the duties and responsibilities of such employee's position, and other authorized activities, from an approved worksite other than the location from which the employee would otherwise work. In practice, telework is a work arrangement that allows employees to have regularly scheduled days on which they telework and regularly scheduled days when they work in their agency worksite.

Remote work: an arrangement in which an employee, under a written remote work agreement, is scheduled to perform their work at an alternative worksite and is not expected to perform work at an agency worksite on a regular and recurring basis. A remote worker's official worksite may be within or outside the local commuting area of an agency worksite.

* AES prescribed items as of 2017 (5 CFR Part 250, Subpart C)

Percentages are weighted to represent the Agency's population.

Only items 1-8, 14, 16, 18-22, 35-37, 43-50, 52, 55-61, 65-70 that carried over from the 2021 OPM FEVS are included on this tab.

Q19-Q22 were not included in the 2019 OPM FEVS.

Item text for Q37 has changed from "My agency" to "My organization" in the 2022 OPM FEVS.

A "— $^{\rm a_{\rm II}}$ indicates that there are no trending results available for the year.

The "Sort for Largest Differences" columns are based on the rounded differences shown in the Difference columns, then sorted by differences based on unrounded percentages (not shown), and then by item order.
